SCHUMANN.

Schumann's Album for Young Pianists.—Containing fifty-six pieces. Op. 68 and Op. 15. Beautifully printed on plates of full sheet music size. Schumann's "Album" occupies the same field for the learner which Mendelssohn's "Songs Without Words" does for the advanced player. It is full of beautiful melodies, arranged in the manner so characteristic of its author. Price, cloth, \$1.75; paper, \$1.25.

Schumann's Album for Young Pianists.—Carefully fingered, and containing fifty-six pieces. Op. 68 and Op. 15. Elegantly engraved from plates of full sheet music size, and known among the profession as the "Russell Engraved Edition." Price, cloth, \$2.50.

N. B.—Many editions of Schumann's "Album" are confined to his Op. 68, and contain but forty-three pieces. The above editions contain both Op. 68 and Op. 15; in all, fifty-six pieces.

MISCELLANEOUS COLLECTIONS.

PIANO CLASSICS.

A BOOK OF GEMS BY THE BEST COMPOSERS.

A Collection of 44 Piano Pieces of Unusual Merit.—The publishers esteem themselves very fortunate in having found among their more recent sheet music so many pieces of true "classical" beauty. While pleasing to all, they will be especially welcome to players of ability and taste, who wish to find new music which is on a line with that of the "masters."

The composers whose works are found in this very superior book are masters in their way, and their compositions are sure to satisfy those who love good music.

While the music of *Piano Classics* is of a high character, it is only moderately difficult. Price, boards, \$1.00; cloth, full gilt, \$2.00.

THE CLASSICAL PIANIST.

42 Choice Classics for the Pianoforte.—The music is not of exceeding difficulty, but it is such as will please players of cultivated taste, and afford genuine pleasure to all who like artistic piano music. Price, boards, \$1.00; full gilt, \$2.00.

YOUNG PEOPLE'S CLASSICS.

52 Easy Classics for the Pianoforte.—Nominally for young pupils, but really just the thing for pupils and players of all ages who can only conquer easy music, and still wish for something a step above the common easy popular airs. Fifty-two pieces, by Lichner, Lange, Kullak, Spindler, Oesten, Schumann, Reinecke, Loeschhorn, Schubert, Heller, Beethoven, Mendelssohn, and others. A grand collection of easy music that is good, and which will improve the taste as well as please the young pianist. Price, board covers, \$1.00; cloth, gilt, \$2.00.

THALBERG'S L'ART DU CHANT.

In this elegant book will be found transcriptions by Sigismund Thalberg (the great pianist) of the following-named melodies:—

- | | |
|---|---|
| 1. "Quatuor from" Puritani. | 6. "Perche mi Guard!" from Zelmira. |
| 2. "Tre Horni," An air by Pergolesi. | 7. "Bella adorata," from Il Giuramento. |
| 3. "Adeleide," by Beethoven. | 8. "Nel Silenzio," from Crocinto. |
| 4. "Alr d'Elgise," from Stradella. | 9. "Einsam bli ich nicht," from Pre-ciosa. |
| 5. "Lacrymosa, from Mozart's Requiem and a duo from Figaro. | 10. "Le Mûrier et le Torrent," by Schubert. |

All these transcriptions exemplify the "art of singing as applied to the piano." In other words, they show how a piano may be made to respond to the touch in as sympathetic a manner as does the voice to the efforts of the cultured vocalist. Price, cloth, \$4.00.

LÖW'S PRACTICAL COURSE IN FOUR-HAND PIANO PLAYING.

A progressive and thoroughly practical set of exercises for two learners to play on one piano, or for teacher and pupil together, by Joseph Löw contains, besides the exercises, a varied collection of pretty melodies as piano duets. To be used in connection with any pianoforte instrument, more especially with Köbler's studies. Price, 75 cents.

Character and Value of the Notes and Rests.

There are seven forms of **NOTES**, each having a different value. By the value of a note, is understood, the duration of sound which it represents; this duration is determined by the form of the note itself. Each of these notes has a Rest or Silence, which corresponds with it in value or duration.

Figure et Valeur des Notes et des Silences.

Les figures des notes sont au nombre de sept, qui sont de sept valeurs différentes; on entend par la valeur d'une note, la durée que doit avoir le son qu'elle produit; cette durée est déterminée par la figure de la note même. Chacune des sept figures de notes, a un silence, qui lui correspond en valeur, c'est-à-dire, de la même durée.

Qui vaut une Triple Croche.

Sixty-four Hemidemisemiquavers are equivalent to one Semibreve.

Les quadruples Croches sont barrées quatre fois, il en faut soixante quatre pour une Ronde.

Of the Dot.

The Dot, placed immediately after a note or rest, increases its value one half. Thus, a dotted Semibreve is equal to three minims, a dotted minim is equal to three crotchets, a dotted crotchet to three quavers, a dotted quaver to three semiquavers, &c.

When a second dot is added, its value is equal to half that of the first.

Du Point.

Le point placé immédiatement après une note, ou un silence, augmente de moitié sa valeur; ainsi, la ronde pointée, vaut trois blanches, la blanche pointée, trois noires, la noire pointée, trois croches, la croche pointée, trois doubles croches, &c.

Il arrive quelquefois qu'on met deux points à la suite d'une note; le second point alors, augmente de moitié la valeur du premier.

Of Time.

TIME is the division of any piece of Music into parts of equal duration. There are three principal measures; the measure of four beats of three beats, and of two beats in a bar; all the others are derived from these three, and are called COMPOUND Measures.

The Measure, or Time, is marked at the commencement of every piece of Music by signs or by numbers, indicating the subdivisions of the measure. The Staff is divided by vertical lines into separate parts, called Bars of measure.

Examples of different measures, the manner in which they are marked at the beginning of each piece of music, and the method of beating time.

COMMON TIME, or 4 beats in a bar, is marked by a C, and is beaten thus,

MESURE à 4 TEMS; elle se marque par un C, et se bat ainsi,

TRIPLE TIME, or 3 beats in a bar, is marked $\frac{3}{4}$, and is beaten thus,

MESURE à 3 TEMS appelée trois quatre; elle se marque par un $\frac{3}{4}$, et se bat ainsi,

TWO-FOUR TIME, or 2 beats in a bar, is marked $\frac{2}{4}$, and is beaten thus,

MESURE à 2 TEMS appelée deux quatre; elle se marque par un $\frac{2}{4}$, et se bat ainsi,

TWELVE-EIGHT TIME, derived from Common Time, is marked $\frac{12}{8}$, and is beaten in four divisions.

Mesure à douze huit, dérivée de la mesure à quatre tems; elle se marque par un $\frac{12}{8}$ et se bat à quatre tems.

NINE-EIGHT TIME is derived from Triple Time, is marked $\frac{9}{8}$, and is beaten in three divisions.

Mesure à neuf huit, dérivée de la mesure à trois tems; elle se marque par un $\frac{9}{8}$ et se bat à trois tems.

SIX-EIGHT TIME, is derived from Two-four Time, is marked $\frac{6}{8}$, and is beaten in two divisions.

Mesure à six huit, dérivée de la mesure à deux tems; elle se marque par un $\frac{6}{8}$, et se bat à deux tems.

A BAR of two beats, called "ALLA BREVE," and marked by a C or 2, is beaten in two divisions, and is the same value as COMMON TIME.

Mesure à deux tems, appelée "ALLA BREVE," elle se marque par un C ou 2, elle se bat à deux tems, et se compose des mêmes valeurs que la mesure à 4 tems.

THREE-EIGHT TIME, is marked $\frac{3}{8}$, and is beaten in three divisions.

Mesure à trois huit, elle se marque par un $\frac{3}{8}$, et se bat à trois tems.

Of the Triplet.

The Triplet is a group of three notes, over which the figure 3 is placed; these three notes are played in the time of two of the same denomination.

Le Triplet est une groupe de trois notes indiqué par le chiffre 3 dont il est surmonté, et ces trois notes doivent être faites pour la valeur de deux.

When the figure 6 is placed over a group of six notes, it indicates that these six notes have out the value of four.

Lorsque six notes sont surmontées d'un 6 elles n'ont la valeur que de quatre.

De la Mesure.

La Mesure c'est le partage en portions d'une égale durée de tout morceau de musique.

Il y a trois mesures principales; la mesure à quatre tems, la mesure à trois tems, et la mesure à deux tems; toutes les autres sont dérivées de ces trois premières, et se nomment mesures composées.

La mesure se marque au commencement de chaque morceau par des signes, ou par des chiffres qui indiquent de combien de tems elle est composée. Les mesures se séparent par des barres verticales, appellées barres de mesure.

Exemples de différentes mesures, comme elles sont indiquées au commencement de chaque morceau, et manière de les battre.

Of the Legato or Slur, the Tie and Syncopation.

These three terms are indicated by a curved line, connecting several notes together.

SLURRED NOTES By this we understand several notes formed in succession by a single vibration

TIED NOTES. The Tie indicates that the notes should be held out through their whole value, as far as the sign extends.

SYNCOPATED NOTES. Syncopation is the binding of the unaccented part of a measure with the accented part of the measure following, so that it all forms one note.

Du Coulé, de la Liaison et de la Syncope.

Ces trois dénominations se marquent par un trait recourbé qui lie plusieurs notes ensemble.

NOTES COULÉES. On entend par coulé plusieurs notes faites successivement par une seule vibration.

NOTES LIÉES. La Liaison indique qu'il faut tenir les notes de toute leur valeur pendant la durée du signe.

NOTES SYNCOPÉES. On entend par syncope une note qui se partage également entre la partie faible d'un temps et la partie forte du temps suivant.

Of the Sharp, Flat and Natural.

The Sharp (#) is a sign which raises a note a semitone. The Flat (b) lowers it a semitone; and the Natural (♮) restores a note, altered by a sharp or flat, to its original sound.

A sharp or flat placed before a note, is called an Accidental, and acts only in the bar in which it occurs.

When these signs are placed at the commencement of a piece of music, namely, at the Clef, to point out its tone, all the notes which are on the same line or space, on which these signs are placed, are affected by them.

There are as many sharps and flats as there are notes; the sharps are placed, beginning with F, by fifths ascending and by fourths descending.

The flats are placed, beginning with B, by fourths ascending and by fifths descending.

Du Dièze, du Bémol et du Bécarré.

Le Dièze (#) est un signe qui hausse d'un demi-ton l'intonation de la note. Le Bémol (b) la baisse d'un demi-ton, et le Bécarré (♮) remet dans son ton primitif la note altérée par le Dièze ou le Bémol.

Le Dièze ou le Bémol, posé à côté d'une note, se nomme accidental, et n'agit que dans la mesure où il est placé.

Mais lorsqu'il est placé au commencement des morceaux de musique (ce qu'on appelle à la Clef) pour en désigner le ton, alors toutes les notes qui portent le même nom que le degré où sont posés ces signes, en prennent le caractère.

Il y a autant de Dièzes et de Bémols que de notes; les Dièzes se posent (en commençant par le Fa) par quinte en montant ou par quarte en descendant; les Bémols se posent (en commençant par le Si) par quarte en montant ou par quinte en descendant.

The double sharp (x) raises the note one tone, and the double Flat (bb) lowers it one tone.

Of the Intervals.

The distance between two sounds is called an Interval.

Of the Tone and Mode or Key.

The principal note on which a musical composition is established is called the Key-note, or Tonic. Any note can become the Tonic or first note of the Scale

Il y a aussi le double Dièze (x) qui hausse la note d'un ton et le double Bémol (bb) qui la baisse d'un ton.

Des Intervalles.

On appelle intervalle la distance qu'il y a d'un son à un autre

Du Ton et du Mode.

La principale note sur laquelle un morceau de musique est établi, est appelée la note du Ton, ou Tonique. Toutes les notes peuvent être Toniques; c'est-à-dire, première note d'une gamme

The modes are the character of the Key; they are of two kinds, the Major mode, whose third is major, or composed of two full tones, and the Minor mode, whose third is minor, or composed of a tone and a semitone.

Le mode est la caractere du ton; il y en a deux especes; le Mode majeur dont la tierce est majeure, c'est-à-dire composée de deux tons pleins; et le Mode mineur dont la tierce est mineure, c'est-à-dire composée d'un ton et d'un demi-ton.

MAJOR THIRD. Tierce Majeur.

MINOR THIRD. Tierce Mineur.

Of the Scales or Gamuts.

Des Gammes.

There are two kinds of Scales, the Diatonic and the Chromatic. The Scale is Diatonic when the five whole tones and two semitones, which compose it, succeed each other regularly and in the natural order, whether ascending or descending. It is Chromatic when the five whole tones of the Diatonic Scale are divided into semitones, so as to form twelve of these in the compass of the octave.

Il y a deux sortes de Gammes; la Diatonique et la Chromatique. La gamme est diatonique lorsque les cinq tons et les deux demi-tons qui la composent s'enchainent régulièrement, tant en montant qu'en descendant, dans l'ordre naturel. Elle est chromatique lorsque les cinq tons de la gamme diatonique sont divisés en demi-tons ce qui en formera douze dans l'étendue de l'octave.

In the Diatonic Scale, the two semitones are found between the third and fourth, and the seventh and eighth degrees, in the major mode; and between the second and third, and the seventh and eighth, in the minor.

Dans la gamme diatonique, les deux demi-tons, se trouvent du 3e. au 4e. degré, et du 7e. au 8e. dans les tons majeurs; et du 2e. au 3e. degré, et du 7e. au 8e. dans les tons mineurs.

The Key of a piece of music is indicated by the number of Sharps or Flats which are found at the Clef. Each Major key, which I call the principal key, has its relative Minor key.

Le ton d'un morceau de musique se désigne par le nombre de Dièses ou de Bemols qui se trouvent à la Clef. Chaque ton majeur, que j'appellerai ton principal a un ton mineur qui lui est relatif

It is called relative, because it is marked at the Clef by the same number of Sharps or Flats as its principal key; except the key of C major, and its relative A minor, which have no signature.

The relative key is a minor third below its principal key, as the following table shows.

On le nomme relatif parcequ'il est indiqué à la Clef par le même nombre d'accidents que son ton principal; excepté le ton d'Ut majeur, et de La mineur, son relatif, où il n'y a rien à la Clef.

Le ton relatif se trouve une tierce mineur au dessous de son ton principal; voyez le tableau suivant.

C Major Mode. Ut Mode Majeur.	G Major. Sol Majeur.	D Major. Ré Majeur.	A Major. La Majeur.	E Major. Mi Majeur.	B Major. Si Majeur.	F# Major. Fa# Majeur.	C# Major. Ut# Majeur.
A Minor Mode. Le Mode Mineur.	E Minor. Mi Mineur.	B Minor. Si Mineur.	F# Minor. Fa# Mineur.	C# Minor. Ut# Mineur.	G# Minor. Sol# Mineur.	D# Minor. Ré# Mineur.	A# Minor. La# Mineur.
F Major Mode. Fa Mode Majeur.	Bb Major. Si2 Majeur.	E2 Major. Mi2 Majeur.	Ab Major. La2 Majeur.	D2 Major. Ré2 Majeur.	G2 Major. Sol2 Majeur.	C2 Major. Ut2 Majeur.	
D Minor Mode. Ré Mode Mineur.	G Minor. Sol Mineur.	C Minor. Ut Mineur.	F Minor. Fa Mineur.	B2 Minor. Si2 Mineur.	E2 Minor. Mi2 Mineur.	Ab Minor. La2 Mineur.	

To shorten the study of the foregoing tablés, and to know in which key a piece of music is, it is necessary to know that when there are no flats or sharps at the Clef, it is in C major or A minor; with the #, the major key is one semitone above the last sharp placed at the Clef; and the minor key two semitones below it; with the b, the major key is five semitones below the last b in the signature, and the minor key four semitones above.

To know whether we are in the principal key of the major mode, or in its relative minor, it is necessary to examine whether the fifth of the major key is accidentally altered by a sharp or natural; if not, we are in the principal major key; if it is altered, we are in the relative minor.

Pour abréger l'étude des tableaux précédens, et savoir dans quel ton est un morceau, on remarquera que lorsqu'il n'y a rien à la Clef, il est en Ut majeur ou en La mineur; avec les # le ton majeur est un degré au dessus du dernier #, pose à la Clef; et le ton mineur deux degrés au dessous; avec les b le ton majeur est cinq degrés plus bas que le dernier b posé à la Clef, et le ton mineur quatre degrés plus haut.

Pour connaître si l'on est dans le ton principal, mode majeur, ou dans son ton relatif, mode mineur, il faut chercher dans les premières mesures du morceau si la quinte du ton majeur est altérée accidentellement par un # ou par un b; si elle ne l'est pas, on est dans le ton principal, mode majeur; et si elle est altérée, on sera dans le ton relatif mode mineur.

Of Abbreviations.

To abbreviate is to represent several notes by a single one, as by a single sign.

Des Abréviations.

Abréger c'est représenter plusieurs notes par une seule note ou par un seul signe.

The PAUSE is placed over notes and rests, and denotes that the performer may stop at pleasure.

Le POINT D'ORGUE se place indistinctement sur les notes et sur les pauses; il indique que l'on peut s'arrêter à volonté.

The **REPEAT** indicates that the part is to be repeated. When the dots are before the bar, the previous division is to be repeated; when after the bar, the division following.

DA CAPO, or D. C., indicates that the piece is to be played again from the beginning.

The **SIGN §** indicates that the piece is to be repeated to the word **FINE**.

Signs Indicating the Degree of Power.

INSTRUCTIONS FOR THE GUITAR.

MÉTHODE DE GUITARE.

FIRST PART.

PREMIÈRE PARTIE

Manner in which the Guitar is Strung and Tuned.

The Guitar has six strings; the three first of which are Gut, and the three others of silk, covered with silver wire. They are tuned by Fourths, with exception of the third string, which is tuned a Third below the second.

Manière dont la Guitare est Montée et Accordée.

La Guitare est montée avec six cordes, dont les trois premières sont en boyau, et les trois autres, en soie filée d'argent. Toutes s'accordent par quarte, à l'exception de la 3e., qui s'accorde par tierce avec la 2de.

GUT STRINGS..... COVERED STRINGS.....
De boyau..... De soie filée d'argent.....

Manner of holding the Guitar, and the Position of the Hands.

To hold the Guitar well, it is necessary to sit on a seat a little higher than those in common use; the left foot to rest on a stool, of a height proportioned to the seat; throw out the right leg, drawing back the foot a little; the left leg to preserve its natural position; the weight of the body of the instrument to rest principally on the left thigh

Manière de s'asseoir pour Tenir la Guitare, et Position des Mains.

Pour bien tenir la Guitare, il faut s'asseoir sur un siège un peu plus élevé que ceux dont on se sert ordinairement; poser le pied gauche sur un tabouret d'une hauteur proportionnée à celle du siège sur lequel on est assis; ensuite on écarte la jambe droite en reculant un peu le pied; la jambe gauche conserve sa position naturelle; le poids du corps repose en grande partie sur la cuisse gauche

Being thus seated, the Guitar is placed transversely on the left thigh, as seen in the drawing.

This position is preferable to all others, because it offers three points of support to the instrument, and balances it so as not to require the support of the hands.

The Left Hand.

The left hand should lightly press the Neck between the thumb and the fore finger; the end of the thumb should rest on the side next to the thick string, between the 1st and 2nd frets, and the large joint of the fore finger between the Nut, the end of the finger board, and the 1st fret, on the side next to the small string.

The arm should hang naturally, with the elbow separated from the body, taking care to hold the fore arm and wrist curved; the fingers should be separated, and held as hammers ready to strike the strings between the four first frets.

The fingers in this position will naturally fall upon the three first strings; when they are required to reach the other three strings, the wrist should be still more curved, and the thumb put more under the neck. The thumb is also used sometimes to press on the 6th string for particular notes; when to be thus used, the word THUMB will be placed under the notes.

The Right Hand.

The right fore arm should rest on the edge, formed by the side and the sound board, in the direction of the Bridge; the little finger should be extended and rest lightly on the sound board, near the first string, and a little distant from the bridge. The thumb should be extended and placed on one of the covered strings, the three other fingers a little curved to be held over the gut strings. Moving the hand towards the Rosette, the tone of the Guitar will be much softened.

Manner of Touching the Strings.

The strings are made to vibrate with the Thumb, 1st, 2d, and 3d fingers. The 6th, 5th, and 4th strings, on which are played most frequently, what are called BASS notes, are played with the thumb; the three other strings are played in the Gamuts and phrases of melody with the 1st and 2d fingers alternately, changing the finger at each note; the 3d finger is used only in Chords and Arpeggios of 4, 5 and 6 notes.

To obtain a full and mellow tone, it is necessary to apply some force with the end of the finger, avoiding to touch the strings with the nails, the fingers meet the strings obliquely, so as to cause them to vibrate across the finger board.

The thumb of the right hand, in striking the thick strings, should always slide to, and rest upon the string next to the one made to vibrate, and should not be removed but to strike the next note; except in cases where the string on which it has slid should be made to vibrate by another finger immediately after, when the thumb ought to strike the string without touching any other

Une fois bien assis de cette manière, on pose la Guitare transversalement sur la cuisse gauche, comme le démontre la planche précédente; cette position est préférable à toute autre parce qu'elle offre trois points d'appui à l'instrument, qui se trouve en équilibre sans que les mains soient obligées de le retenir.

Main Gauche.

La main gauche doit presser légèrement le manche entre le pouce et l'index, l'extrémité du pouce doit poser du côté des grosses cordes entre la 1re et la 2me touche, et la grande phalange de l'index entre le sillet et la 1re touche du côté de la chanterelle. On doit laisser tomber naturellement la partie supérieure du bras, écarter le coude du corps en ayant soin de tenir l'avant bras et le poignet un peu arrondis. Les doigts doivent se tenir écartés, et en forme de marteaux au dessus des cordes, prêts à se poser sur les quatre premières touches; les doigts, dans cette position, tombent naturellement sur les trois premières cordes; lorsqu'ils doivent atteindre les trois dernières, il est nécessaire d'arrondir davantage le poignet, et de placer le pouce plus au dessous du manche.

On se sert aussi quelquefois du pouce de cette main, pour doigter quelques notes à la 6me corde, du côté opposé aux autres doigts. Les notes qui doivent être doigtées ainsi sont indiquées par le mot pouce, que l'on place au dessous des notes mêmes

Main Droite.

L'avant bras droit doit s'appuyer sur le bord de la table d'éclisse et la table d'harmonie, dans la direction du chevalet. Le petit doigt doit un peu s'écarter, et se poser légèrement sur la table d'harmonie près de la chanterelle à peu de distance du chevalet. Le pouce se tiendra allongé et en dehors des autres doigts, et posera sur une des cordes filées; les trois autres doigts, un peu recourbés, se tiendront au dessus des trois cordes de boyau. Lorsqu'on veut adoucir le son de la Guitare, on porte la main vers la Rosette.

Manière de Pincer les Cordes.

On se sert de quatre doigts pour pincer les cordes de la Guitare; ce sont: le pouce, l'index, le médium et l'annulaire. Les 6me, 5me et 4me Cordes, sur lesquelles, s'exécutent le plus souvent les notes appelées BASSES, se pincent du pouce; les 3 autres cordes se pincent, dans les Gammes et les phrases de mélodie, avec l'index et le médium alternativement en changeant de doigt à chaque note.

Le doigt annulaire ne pince que dans les accords et arpegges composés de 4, 5 et 6 notes.

Pour obtenir un son plein et melleux, il faut pincer un peu fort, mais sans roideur avec l'extrémité des doigts en évitant le contact des ongles contre les cordes, qui doivent être pincées un peu en biais. Le pouce de la main droite en attaquant les grosses cordes, doit toujours glisser sur la corde à côté de celle qu'il vient de pincer, et ne doit se relever que pour pincer une autre note, excepte pourtant dans le cas où la corde sur laquelle il tombe serait mise en vibration par un autre doigt dans le même tems ou immédiatement après, alors le pouce doit

In some cases it is necessary to play on the 3d and 2d strings with the thumb, and on the 4th and 5th strings with the 1st and 2d fingers. This is the case in chords, arpeggios, &c., and even in cantabile phrases; the notes to be played with the thumb, are written with a double tail if to be played alone, and with the tail turned down, if double.

attaquer la corde sans en toucher aucune autre. Il y a un grand nombre de cas où le pouce est obligé de pincer les 3me et 2me cordes, et l'index et le médium la 4me et même la 5me corde, ces cas se présentent souvent dans les accords, les arpèges, les passages de tierces, sixtes, octaves et même dans les phrases chantantes; les notes qui dans tous ces cas, doivent être pincées du pouce, sont écrites avec une double queue si elles frappent seules, et avec la queue tournée par le bas, si les parties sont doubles.

Of Tuning the Guitar.

An A tuning Fork is used in tuning the Guitar, to which the 5th string, A, is tuned; then press the finger on the same string at the 5th fret of the finger board, which will then give D; to which the 4th string is to be tuned in unison. The finger is then to be placed upon the 5th fret of the 4th string, which will give G, to which the 3d string is to be tuned in unison; then place the finger upon the 4th fret of the 3d string, which will give B, to which the 2d string is to be tuned in unison; place the finger on the 5th fret of the 2d string, which will give E, to which the 1st string is to be tuned in unison. The 6th string, E, is then to be tuned to the 1st E string, but at the distance of two octaves lower.

Maniere d'Accorder la Guitare.

Pour accorder la Guitare on se sert d'un Diapason (petit instrument d'acier servant à donner le LA à tous les instruments) au ton duquel on accorde la 5me corde LA; on pose un doigt à la 5me case de cette même corde qui donne alors RÉ, et l'on accorde la 4me corde à l'unisson de ce RÉ; on pose un doigt à la 5me case de la 4me corde qui donne alors SOL, et l'on accorde à l'unisson la 3me corde; on pose un doigt à la 4me case de la 3me corde qui donne alors SI, et l'on accorde la 2me corde à l'unisson avec ce SI; on pose un doigt à la 5me case de la 2me corde qui donne alors MI, et l'on accorde la CHANTERELLE à l'unisson avec ce MI. La 6me corde étant un MI aussi, s'accorde avec la chanterelle, mais à deux octaves d'intervalle.

The following are the signs used by most authors who have written for the Guitar, to indicate the fingering, and which are adopted in this work.

THE RIGHT HAND.

The Positions.

There are as many positions as there are frets on the Finger board. It is the 1st finger that determines the position in which the hand is; thus, when the 1st finger is placed on the 1st fret, the hand is in the 1st position, and so on with the other positions.

GAMUT SHOWING THE NOTES, AND THE EXTENT OF THE FIRST POSITION.

The figures placed over the notes indicate the fingers of the left hand, and also the frets on which they are to be placed.

The open strings are indicated by 0, the 1st finger and 1st fret by 1, the 2d finger and 2d fret by 2, the 3d finger and 3d fret by 3, and the 4th finger and 4th fret by 4.

The fingers of the right hand are indicated by × for the Thumb, . first finger, .. second finger, ... third finger.

Pour éviter la multiplicité embarrassante des signes par rapport au doigter, on a jugé à propos de suivre la méthode adoptée par la plupart des auteurs pour la Guitare. Par conséquent on se servira dans la suite des signes suivans pour le doigter.

Des Positions.

Il y a autant de positions qu'il y a de touches sur le manche. c'est le premier doigt qui détermine la position dans laquelle on se trouve. Ainsi lorsque le 1er doigt sera placé à la 1re case on sera à la 1re position; quand il avancera à la 2me case on sera à la 2me position, et ainsi de suite.

Of the Chords.

The union of two or more notes played simultaneously is called a **CHORD**.

If the chord to be played is composed of three notes, no matter on which strings, they are to be played with the thumb, 1st and 2d fingers; if composed of four notes, the 3d finger must be added; if of five or six notes, the thumb must play the two or three lowest notes by sliding from one string to the other, and the fingers take the three other strings.

That all the notes of a chord may sound well, it is necessary that the fingers of the left hand should be curved to act as hammers, be pressed on the strings near the frets, and without affecting the vibration of the other strings; the fingers of the right hand should be placed against the strings intended to be struck, and not to be moved but to put the strings in motion.

Chords are always divided, or played in Arpeggios; thus: the notes are played one after the other, from the lowest to the highest, but sufficiently quick to produce the effect of their being struck together.

Des Accords.

La réunion de plusieurs notes que l'on fait entendre simultanément s'appelle **accord**.

Si l'accord qu'on veut exécuter est composé de trois notes, quelles que soient les cordes sur lesquelles il s'exécute, on le pince avec le pouce, l'index et le médium; s'il est de quatre notes, on y ajoute l'annulaire, et s'il est de cinq ou six notes le pouce pince en glissant les deux ou trois notes basses, et les autres doigts pincet les trois autres cordes.

Pour que toutes les notes d'un accord résonnent bien, il faut que les doigts de la main gauche, courbés en forme de marteaux, pressent les cordes près des touches et qu'ils n'empêchent pas la vibration des autres cordes; puis on placera les doigts de la main droite contre les cordes destinées à être pincées, et on ne les relèvera que pour mettre ces cordes en oscillation.

Les accords se font toujours un peu brisés ou arpégés; c'est-à-dire en pinçant les notes les unes après les autres, mais avec assez de vitesse pour qu'elles produisent le même effet qu'elles étaient pincées en même tems.

In slow movements the chords are played, or arpeggiated slowly, in character with the movement, which is often indicated by this sign **{**, and which is placed before the chord. In quick movements, which are to be played with energy, and require much sound from the Guitar, the same sign is used to indicate that the thumb must be slid rapidly and with force across the strings which form the chord.

Dans les mouvements lents, les accords s'arpègent plus lentement que de coutume, souvent on les indique par ce signe **{**, que l'on place à côté de l'accord. Dans les mouvements vifs et prononcés, et qui exigent beaucoup de son de la Guitare, ce même signe placé à côté d'un accord, indique qu'il faut l'exécuter en laissant glisser rapidement, et avec force, le pouce sur toutes les cordes.

The Barrer.

The Barrer is made by pressing the 1st finger on two or more strings, on the same fret.

There are two Barrers, the Great and the Small.

In the small Barrer the first finger stops but two or three strings.

In the great Barrer, the first finger stops the whole of the six strings.

To do the great barrer with ease, it is necessary to raise the wrist, and to place the thumb entirely behind the Neck.

Du Barré.

Barrer, c'est appuyer le premier doigt sur plusieurs cordes à la même case.

Il y a deux Barrés, le grand et le petit.

Dans le petit barré, le premier doigt ne barre que deux ou trois cordes.

Dans le grand barré le premier doigt barre dans toute sa longueur toutes les cordes.

Pour faire facilement le grand barré il faut hausser le poignet et porter le pouce tout-à-fait derrière le manche.

Of Arpeggios.

AN ARPEGGIO is a number of notes played successively in uniform order, and which, when united, form chords.

Arpeggios are used on the Guitar because they produce an agreeable effect on the instrument, and as studies, they give strength and agility to the fingers of the right hand. To execute the Arpeggio well, before making the strings vibrate the fingers of the left hand should be placed at once on the notes forming the chord on which the arpeggio is to be played; and when the last note of the arpeggio is struck, the fingers should be raised to pass to the next chord. This rule is indispensable; if the fingers were to quit the notes as soon as they are struck, the vibration of the entire chord would be obstructed; of which, each note is an essential part. The fingers of the right hand should not touch the strings, but to make them vibrate; with exception of the thumb, as described page 11.

ARPEGGIOS WITH THREE AND FOUR FINGERS.

These Arpeggios are given for the purpose of exercising the right hand, and to establish general rules, which will serve to show the fingering of that hand in all similar passages.

Each Arpeggio ought to be repeated several times in succession, and as soon as the pupil is able to execute several with ease, he may undertake the study of the eight Arpeggios at page 19, without however abandoning the study of these.

The chords written at the top, are those from which the 22 following Arpeggios are derived.

Des Arpèges ou Batteries.

On appelle arpèges ou batteries, un nombre de notes pincées successivement dans un ordre uniforme, et qui réunies, forment des accords. Sur la Guitare les arpèges sont très usités parce qu'ils produisent un effet agréable et particulier à l'instrument, comme étude, ils donnent de la force et de l'agilité aux doigts de la main droite.

Pour bien exécuter les arpèges, il faut avant de pincer les cordes, que les doigts de la main gauche soient posés simultanément sur les notes formant l'accord sur lequel on arpège; et lorsque la dernière note de l'arpège a été frappé, on lève les doigts pour passer à un autre accord.

Cette règle est de rigueur; si les doigts quittaient les notes au fur et à mesure qu'on les pince, on empêcherait la résonnance complète de l'accord dont chaque note isolée forme une partie essentielle.

Les doigts de la main droite ne doivent toucher les cordes que pour les mettre en vibration, à l'exception du pouce; voyez la page 11.

ARPÈGES A TROIS ET A QUATRE DOIGTS

Ces arpèges sont écrits dans le but d'exercer la main droite et d'établir les règles générales qui serviront à faire distinguer le doigter de cette main dans tous les passages analogues.

Chacun de ces arpèges doit être répété plusieurs fois de suite Aussitôt l'élève commencera à en exécuter plusieurs couramment il pourra entreprendre l'étude des huit arpèges de la page 19 sans cependant abandonner l'étude de ceux-ci.

Les accords écrits en tête ont servi à former les vingt deux arpèges qui en dérivent.

To facilitate the study of the eight following Arpeggios, and the execution of the left hand, I have written on an upper staff over each bar, the chord which is to be played Arpeggio, as written on the staff below. The pupil will see at a glance, the chord composing the Arpeggio, and on which notes the fingers are to be placed.

The dotted lines from one chord to the other, serve to show that the fingering of these notes has not changed, and that the fingers which press them must remain unmoved.

Pour faciliter l'étude de ces huit arpèges, et le mécanisme de la main gauche, j'ai écrit sur une portée supérieure dans la même mesure, les accords plaqués qui sont détaillés audessous en arpèges. Avant d'exécuter les arpèges, l'élève saura déjà sur quels sont les accords qui les composent et sur lesquels il faut poser les doigts par un seul mouvement. Les points qui lient les notes d'un accord à l'autre servent à indiquer que le doigté de ces notes n'a point changé dans l'accord suivant : les doigts qui les pressent doivent rester immobiles.

MARCASSI'S INSTRUCTIONS FOR THE GUITAR.

No. 8.

The Guitar may be played in all keys, but, like all other instruments, it has some keys more favorable to it than others. Those which are most suitable, are C, major; G, major; D, major and minor; A, major and minor; E, major and minor; and F, major. The other keys are difficult, because they require too often, the use of the Barrer. I have therefore placed in the first part of this work, the Gamuts, Cadences and Exercises only in those keys most in use.

As I think it important, however, to be acquainted with all the keys, and that they should be practiced, I have placed in the second part of this method all that I have thought necessary for this purpose.

La Guitare peut jouer dans tous les tons, mais comme tous les instruments, elle a ses tons favoris. Ceux qui lui conviennent le mieux, sont: Ut majeur, Sol majeur, Ré majeur e. mineur, La majeur et mineur, Mi majeur et mineur, et Fa majeur.

Les autres sont difficiles parcequ'ils nécessitent l'emploi trop fréquent du Barre; aussi je n'ai note dans la 1re partie de ce ouvrage, que les Gammes, Cadences, Exercices et morceaux progressifs dans les tons les plus usités

Cependant comme je pense qu'il est important de connaître tous les tons et de s'y exercer, j'ai placé dans la 2me partie de cette Méthode tout ce que j'ai cru nécessaire pour arriver à ce résultat.

Gamuts, Cadences, Exercises and Preludes.

To facilitate the execution of the Gamuts, it is necessary that the fingers of the left hand should be held sufficiently separated, and so placed, that they may be put on, and taken off the strings, without moving the hand.

A finger which is placed on a note, should not be moved but to finger the note following, unless this note should be an open string.

In Gamuts ascending, when passing from one note to another, the finger must not be raised too quickly from the string, lest it vibrate if left open too soon.

In the following Preludes and Little Pieces, care must be taken to sustain the notes, as well in the Bass, as in the other parts; this caution is necessary, in order to obtain a full and harmonious style.

Gammes, Cadences, Exercices et Préludes.

Pour faciliter l'exécution des Gammes, il faut que les doigts de la main gauche se tiennent assez écartés, et placés de manière à pouvoir les poser et les lever sur les cordes, sans déranger la main.

Il ne faut jamais lever le doigt placé sur une note, qu'en doigtant la note suivante, à moins que cette note ne se fasse à vide.

Dans les gammes montantes, lorsqu'on passe d'une corde à une autre, il ne faut pas retirer trop vivement le doigt de la corde que l'on quitte, afin d'éviter la vibration de cette corde à vide.

Dans les Préludes et les petits morceaux suivants on aura soin de bien observer la tenue des notes, tant à la basse qu'aux autres parties; cette condition est nécessaire pour obtenir un jeu plein et harmonieux.

The second piece, 'Rondo', is written in treble clef with a key signature of one sharp (F#) and a 3/4 time signature. It consists of eight staves of music. The first staff begins with a dynamic marking of *p* and contains a series of eighth-note chords. The second staff continues with similar eighth-note patterns. The third staff features a dynamic marking of *p* and includes some triplet markings. The fourth staff is marked 'Fin.' and ends with a double bar line and a repeat sign. The fifth staff concludes with a dynamic marking of *mf* and a 'D.C.' (Da Capo) instruction. The sixth staff begins with a dynamic marking of *mf* and contains a series of eighth-note chords. The seventh staff continues with similar eighth-note patterns. The eighth staff concludes with a dynamic marking of *mf* and a 'D.C.' (Da Capo) instruction.

Musical notation for the second line of the prelude, including a "1" marking.

Waltz. Musical notation for a waltz in A major, 3/4 time. Includes a "3" marking.

Musical notation for the second line of the waltz, including a "4" marking.

Musical notation for the third line of the waltz, including a "3 2" marking.

Musical notation for the fourth line of the waltz, including a "1 4" marking and a "Fin." marking at the end.

The image displays a musical score for guitar, consisting of two pieces: "March" and "Allegretto".

Musical Details:

- Key Signature:** Two sharps (F# and C#).
- Time Signature:** Common time (C).
- Tempo:** "Allegretto" is marked with a tempo of 2/4.
- Dynamic Markings:** *mf* (mezzo-forte), *f* (forte), *p* (piano), and *dim.* (diminuendo).
- Performance Indicators:** Fingerings (1-4), breath marks (X), and a "D.C." (Da Capo) instruction at the end of the first piece.
- Structure:** The "March" piece concludes with a "Fin." (Fine) marking.

The score is written on ten staves, with the upper staff representing the melodic line and the lower staff representing the guitar accompaniment. The notation includes various rhythmic values, accidentals, and articulation marks.

Guitar music almost always requires several parts, which increases the difficulty of execution, unless the pupil has already acquired the habit of moving each finger of the left hand, separately and independently. The following 22 exercises are very useful in obtaining this object. Each of them should be repeated five or six times.

Whilst the pupil is practising these exercises, he may at the same time apply himself to the first twelve little pieces of the third part, and afterwards to the exercises of the second part.

La musique de Guitare exige presque toujours plusieurs parties, qui présentent des difficultés d'exécution, lorsqu'on n'a pas acquis à l'avance, l'habitude de diriger chaque doigt de la main gauche, par une impulsion, indépendante des autres doigts.

Les 22 exercices suivans sont très convénables pour arriver à ce but. Chacun de ces exercices doit être répété cinq ou six fois de suite. L'élève pourra, tout en travaillant ces exercices, entreprendre d'étudier les douze premiers petits morceaux de la troisième partie; et pourra suivre ensuite les exercices de la seconde partie.

Continue with the same fingers of the right hand.

Suivez avec les mêmes doigts de la main droite.

The image shows ten numbered musical exercises for guitar, arranged vertically. Each exercise is written on a single staff in treble clef with a common time signature (C). The exercises consist of rhythmic patterns of eighth and sixteenth notes, often with triplets. Fingerings are indicated by numbers 1-4 above notes. Some exercises include 'x' marks under notes, likely indicating muted strings. The exercises are numbered 1 through 10 on the left side of the page.

SECOND PART.

SECONDE PARTIE.

Of the Slur.

Two or more Notes played successively, of which only the first is made to vibrate by the right hand, and the others by the mere pressure of the fingers of the left hand, are called slurred notes.

Slurs are performed both in rising and in descending. To execute slurs of two notes, in rising the lower note is to be played, and the finger of the left hand descends like a hammer and with a good deal of force upon the higher note, which must sound from the mere impulse of this finger.

In descending, the higher note is played, and drawing the finger which pressed it, a little to one side, so as to touch the string a little, the lower note is made to sound. If the latter note is not on an open string, it must be prepared before the higher note is made to vibrate.

The slur is indicated by this sign  placed over the notes which are to be slurred.

Des notes coulées et liées.

On appelle notes coulées deux ou plusieurs notes faites successivement, dont la première seulement est mise en vibration par la main droite, et les autres par la seule pression des doigts de la main gauche.

Les coulées se font en montant et en descendant. Pour exécuter des coulées de deux notes en montant, on pince la note grave, et on laisse tomber le doigt de la main gauche, en forme de marteau, et avec assez de force, sur la note aigüe, qui doit résonner par la seule impulsion de ce doigt.

En descendant on pince la note aigüe, et en retirant le doigt qui la comprimait, un peu de côté, de manière à pincer un peu la corde, on fait résonner la note grave. Si cette note ne se fait pas à vide, il faut qu'elle soit préparée avant que la note aigüe soit mise en vibration.

Le coule est indiqué par ce signe  placé sur les notes qu'on doit couler.

SLURS OF TWO NOTES RISING AND DESCENDING.

COULÉS DE DEUX NOTES EN MONTANT ET EN DESCENDANT.

Play the E and place the first finger on F.
Pincez le Mi et appuyez le 1er doigt sur le Fa.

Play the F and draw back the finger to sound the E.
Pincez le Fa et retirez le doigt pour faire entendre le Mi.

Play the B and place the 3d finger on C.
Pincez le Si et appuyez le 3e doigt sur l'Ut.

Play the G and draw back the finger to sound the F.
Pincez le Sol et retirez le doigt pour faire entendre le Fa.

There are also slurs of two notes, in descending, on two different strings, which are called "Vibration Slurs." To perform them, play the higher note, which in this case is almost always open, then strike hard with the finger of the left hand the note which is to be slurred, and which will be sounded by the mere impulse of the finger

On fait aussi des coulées de deux notes, en descendant, sur deux cordes différentes, qu'on appelle coulées par vibration. Pour les exécuter on pince la note aigüe, qui dans ce cas, est presque toujours à vide, puis l'on frappe fortement avec le doigt de la main gauche la note devant être coulée, et qui résonnera par la seule impulsion de ce doigt.

In rising the effect of the slur is also produced by sliding the thumb of the right hand from one string to the other; in this case the first note must be struck rather hard and the thumb slide with delicacy over the next string.

En montant on produit aussi l'effet du coulé en glissant le pouce de la main droite d'une corde à l'autre; dans ce cas il faut attaquer la première note un peu fort et glisser le pouce avec délicatesse sur la corde voisine

Play the E and strike the 3d finger on D.
Pincez le Mi et frappez le 3e doigt sur le Ré.

Allegretto.
non troppo.

Slurs of three or four notes are made in the same manner as those of two notes, by setting the first note in vibration with the right hand, and laying on or withdrawing, according as the slur is ascending or descending, as many fingers of the left hand as there are notes to be slurred.

Les coulés de trois ou quatre notes se font par le même moyen que ceux de deux notes, en mettant en vibration la première note avec la main droite, et en appuyant, ou en retirant successivement, selon que le coulé est ascendant ou descendant, autant de doigts de la main gauche qu'il y a de notes à couler. En descendant il faut toujours préparer les notes qu'on doit couler excepté celles qui se font à vide.

Slurs of Three Notes.

Slurs of Four Notes.

Coulés De Quatre Notes.

Example. 

Scales, too, may be executed in slurred notes, ascending or descending, by a mere sliding of the thumb.

On peut aussi exécuter des gammes en notes coulées, tant en montant qu'en descendant, d'un seul trait.

In this scale you set the open string to vibrating, with the thumb, letting it slide from string to string.

Dans cette gamme, on met la corde à vide en vibration avec le pouce en la glissant de corde en corde.

Example. 

In this last you sharp the first note, and slur all the rest.

Dans celle-ci on pince la 1re. note et l'on coule tout le reste

Double notes also may be slurred, but only two by two.

On coule aussi les doubles notes; mais seulement de deux en deux.

Example. 

The Slide.

The Slide is performed by one finger of the left hand, which slides along the neck in passing over all the frets from the 1st to the 2d note, after having struck with the right hand the first of the two notes. The slide produces a good effect on the guitar, because it imitates the sound of the voice. It is indicated by this sign 

Du son Glissé ou Porté.

Le son glissé ou porté, s'exécute par un seul doigt de la main gauche, qui glisse le long du manche en passant sur toutes les touches de la première à la deuxième note, après avoir attaqué la première des deux notes avec la main droite.

Le glissé produit un bon effet sur la Guitare, parcequ'il imite le son porté de la voix.

Il s'indique par ce signe 

Slide the 2d finger from F to A.

Slide the 3d finger from D to B.

Glissez le 2e doigt du Fa au La.

Glissez le 3e doigt du Ré au Si.

Slides are also performed in double notes.

On fait aussi des glissés en doubles notes.

Small Notes or Appoggiatura.

This name is given to a small note, which sometimes is of half the value of the note which it precedes. In this case it is the long Appoggiatura, and when it has but a very short duration it is called the short Appoggiatura.

To distinguish the short from the long Appoggiatura, the former is crossed at the end. The small notes are played the same as slurs, giving an impulse to the small note with the right hand, and making the principal note sound with the finger of the left hand.

When a common note, preceded by a small note, is accompanied by one or more parts, the small note must be played with the accompanying parts, and the principal note be slurred immediately.

Des petites notes ou Appoggiatures.

On donne ce nom à une petite note qui souvent prend la moitié de la valeur de la note qu'elle précède. Dans ce cas, c'est l'appoggiature longue, et quand elle n'a qu'une très courte durée, on l'appelle appoggiature brève.

Pour distinguer l'appoggiature brève de la longue, on l'écrit par une croche coupée d'une ligne transversale. Les petites notes s'exécutent comme les coulés en donnant l'impulsion de la main droite à la petite note, et en faisant résonner la note principale avec le doigt de la main gauche. Lorsqu'une note principale, précédée d'une petite note, est accompagnée d'une ou plusieurs parties, il faut pincer la petite note avec les parties d'accompagnement et couler immédiatement la note principale.

Long small notes.
Petites notes longues.

Short small notes.
Petites notes brèves.

Small notes to be played with the notes of Accompaniment.

Petites notes frappant avec des notes d'accompagnement.

Double Small Notes. or Appoggiaturas.

Two Appoggiaturas are executed in the same manner as two principal notes slurred; only with more rapidity, since the latter receive their full value, whereas the small notes borrow somewhat from the duration of the principal notes.

Petites Notes Doubles.

Les petites notes doubles s'exécutent par le même moyen que les coulées de deux notes: mais avec plus de vitesse parcequ'on donne aux notes coulées toute la valeur qu'elles représentent, tandis que les petites notes ne s'exécutent qu'aux dépens de la valeur des notes principales.

CARCIASSI'S INSTRUCTIONS FOR THE GUITAR.

Of the Gruppetto.

This is the name of a group of appoggiatura notes, composed of the principal note and its auxiliary note immediately above and below. It is indicated and performed in three ways:

1. By beginning with the principal note, A (♩ ~.)
2. By beginning with the auxiliary above, B (♩ ~.)
3. By beginning with the auxiliary below, C (♩ ~.)

This is called inverted in most treatises, and indicated (♩.)

Du Gruppetto.

On nomme ainsi un groupe de petites notes composé de la note principale et de l'auxiliaire supérieure et inférieure. Il est indiqué et s'exécute de trois manières:

- 1o. En commençant par la note principale avec une petite note, A (♩ ~.)
- 2o. Par l'auxiliaire supérieure, B (♩ ~.)
- 3o. Par l'auxiliaire inférieure, C (♩ ~.)

EXAMPLE.

Indication.

Gruppetto beginning with the principal note. Gruppetto commençant par la note principale.

With the note above. Par l'auxiliaire supérieure.

With the note below. Par l'auxiliaire inférieure.

Execution.

If a little note of the gruppetto is to be altered by a Sharp or Flat, it is thus indicated for the auxiliary above, (♭) and thus for the auxiliary below, (♯).

Si une petite note du gruppetto devait être altérée par un dièse ou bémol, on l'indique ainsi pour l'auxiliaire supérieure (♭) et pour l'auxiliaire inférieure, (♯).

Indication.

With the upper auxiliary altered. Avec l'auxiliaire supérieure altérée.

With the lower auxiliary altered. Avec l'auxiliaire inférieure altérée.

Execution.

When the Gruppetto stands between two principal notes, it is always commenced with the upper auxiliary.

Quand le gruppetto se trouve placé entre deux notes on le commence toujours par l'auxiliaire supérieure.

Indication.

Execution.

Of the Trill.

Du Trille ou Cadence.

The Trill is where a note alternates, for a longer or shorter time, according to its value, and very rapidly, with the note which is a tone or half a tone above it, and which is termed the auxiliary note. The Trill should generally begin and end with the principal note. Every Trill should have a termination; this termination consists of the tone or semitone below, followed by the principa' note. (See following Examples.)

On the Guitar the Trill is made in three ways:

1. By snapping the first note, and slurring the rest of the Trill.
2. By snapping the principal, and slurring the auxiliary note.
3. By taking the two notes upon two different strings with the left hand, and snapping them with two or three fingers.

Le Trille est une note qui selon sa valeur, alterne plus ou moins longtems, et très vite, avec une autre note qui se trouve un ton, ou un demi-ton plus haut, et qu'on nomme note auxiliaire. Le trille doit généralement commencer par la note principale, et finir avec elle. Chaque trille doit recevoir une terminaison; cette terminaison consiste dans un ton ou demi-ton inférieur suivi de la note principale. (Voyez les exemples suivans.)

Sur la Guitare on fait le trille de trois manières:

- 1o. En pinçant la première note et en coulant le reste du trille.
- 2o. En pinçant la note principale et en coulant la note auxiliaire.
- 3o. En préparant les deux notes sur deux cordes différentes avec la main gauche, et en les pinçant avec deux ou trois doigts.

Indication. 1st manner. 1re manière. 2d manner. 2me manière.

Execution. Termination. Terminaison. id.

Indication. 3d Manner. 3me Manière. Just so with an accompaniment. De la même manière avec une partie d'accompagnement.

Execution. Fingeriog of the Right hand. On le doigte avec la main droite. id.

When the short duration of the note on which the Trill is made, or when the following note prevents a termination, it is so longe a Trill, but merely a note trilled.

Lorsque la courte durée de la note sur laquelle on fait le trille, ou la note suivante empêche de faire une terminaison, ce n'est plus alors un trille, mais simplement une note trillée.

Indication. Usually written. Signes usités.

Muffled Tones.

To damp or smother the sounds, you have only to place the fingers of the right hand upon the strings just snapped, after allowing them to vibrate during their written value, (which is here a sixteenth.)

Chords of five or six notes are sharpened by laying the palm of the right hand upon all the strings, near the rosette.

Sons Étouffés.

Pour étouffer les sons, il suffit de poser les doigts de la main droite sur les cordes qu'ils viennent de pincer, après les avoir laissé vibrer pendant la valeur qu'elles représentent qui est d'un seizième.

Les accords de cinq ou six notes s'étouffent en posant la paume de la main droite sur toutes les cordes, près de la rosette.

Positions.

There are twelve positions on the finger-board of the Guitar ; among those there are five which are called principal positions, as they are most in use, and a knowledge of them is sufficient to get acquainted with the others.

These positions are the 1st, 4th, 5th, 7th and 9th.

The study of the Gamut, of the exercises and the following pieces, in those different positions, will be sufficient for this purpose.

Detailed description: This page contains ten staves of musical notation for guitar, arranged in five pairs. Each staff begins with a treble clef, a key signature of one sharp (F#), and a 3/4 time signature. The music is a waltz, characterized by a 3/4 time signature and a melodic line in the treble clef. The bass clef line provides a simple harmonic accompaniment. The notation includes various fret positions (1st, 2nd, 4th, 5th, 9th) and dynamic markings (p, mf, ff, Barré). The piece is divided into sections by dotted lines. The first staff is labeled 'Waltz.' and '9th Pos. p 7'. The second staff is labeled '5th Pos. mf 7' and '2d Pos. 7'. The third staff is labeled 'Bar. 9th Pos. f 7'. The fourth staff is labeled '1st Pos. 4th Pos. ff 7' and 'Barré. p 7'. The fifth staff is labeled '1st Pos. 4th Pos. mf 7'. The sixth staff is labeled '9th Pos. 7'. The seventh staff is labeled '5th Pos. 2d Pos. 7'. The eighth staff is labeled 'Bar. 9th Pos. 7'. The ninth staff is labeled '1st Pos. 2d Pos. p 7'. The tenth staff is labeled '1st Pos. 2d Pos. p 7'. The music consists of eighth and sixteenth notes, with some triplets and slurs. The overall style is classical and technical, typical of Carcassi's guitar instruction books.

This musical score is for guitar and consists of ten systems of staves. Each system typically contains a treble clef staff and a bass clef staff. The music is written in a key with two sharps (F# and C#). The score includes various annotations and techniques:

- 7th Pos.:** Indicated at the beginning of the second system.
- 9th Pos.:** Indicated at the beginning of the third system.
- Bar:** A specific technique or section is labeled 'Bar' at the start of the third system.
- 2d Pos.:** Indicated at the end of the third system.
- 7th Pos.:** Indicated at the end of the fourth system.
- 9th Pos.:** Indicated at the beginning of the fifth system.
- 5th Pos.:** Indicated at the beginning of the sixth system.
- 2d Pos.:** Indicated at the end of the sixth system.
- 9th Pos.:** Indicated at the beginning of the seventh system.
- 1st Pos.:** Indicated at the beginning of the eighth system.
- Minor.:** A change to a minor key signature is indicated at the beginning of the eighth system.
- Dolce.:** A dynamic or articulation instruction is placed below the eighth system.

The notation includes various rhythmic values, accidentals, and fingering numbers (1-4) for the left hand. The piece concludes with a double bar line at the end of the eighth system.

The musical score consists of ten staves of notation, each with a treble clef and a key signature of two sharps (F# and C#). The notation includes various guitar-specific techniques and positions:

- Staff 1:** Features a melodic line with fingerings (1, 2, 3, 4, 5) and a bass line with chords. It concludes with the instruction "16 Pos." and a dynamic marking of *f*.
- Staff 2:** Continues the melodic and harmonic development.
- Staff 3:** Labeled "9th Pos." and "Dolce.", featuring a more delicate melodic line.
- Staff 4:** Labeled "MAJOR. 9th Pos.", showing a change in the melodic contour.

Of Double Notes.

Des Doubles Notes.

On the Guitar there are passages of double notes in thirds, sixths, octaves, and tenths; to facilitate their execution, it is necessary to slide the fingers as much as possible, in passing from one fret to another.

Sur la Guitare, on fait des passages de doubles notes en tierces, sixtes, octaves et dixièmes; pour en faciliter l'exécution, il faut, autant que possible glisser les doigts en passant d'une case à l'autre.

In these first exercises the fingers which are to slide are marked by small lines placed between the numbers, to indicate the fingering of the left hand.

Dans ces premiers exercices, les doigts qui doivent glisser sont marqués par de petits traits d'union entre les chiffres pour indiquer le doigté de la main gauche.

In passages of thirds, sixths, and tenths, sometimes we find an accompanying part which rests upon a single continuous note, and which is put in to produce an effect peculiar to the guitar. This part should always be executed upon an open string, even if the other parts are higher; in which case they should be taken upon strings below the open string.

On trouve quelquefois, avec des passages en tierces, sixtes et dixièmes, une autre partie continue d'accompagnement qui devient supérieure ou intermédiaire pour produire des effets particuliers à la Guitare. Cette partie doit toujours être exécutée sur une corde à vide quand même les autres parties seraient plus aiguës; dans ce dernier cas, on les doigte sur les cordes immédiatement inférieures à la corde à vide.

Harmonics.

Harmonics are produced by placing a finger of the left hand across all the strings of the Guitar at certain divisions of the finger board.

The finger must press lightly, yet with sufficient force to prevent the string from vibrating as if open. As soon as the string has been struck with sufficient force near to the bridge, the finger must be taken off.

Harmonics sound an octave higher than what they are marked. They are produced at the 12th, 7th, 5th, 4th and 3d fret, as the following table shows.

Sons Harmoniques.

On produit les sons harmoniques en posant un doigt de la main gauche sur toutes les cordes de la Guitare a de certaines divisions seulement. Il faut que le doigt pose légèrement mais avec assez de force pour empêcher la corde de résonner a vide, et on lève ce doigt aussitôt après avoir pincé la corde un peu fort près du Chevalet.

Les sons harmoniques rendent une octave au dessus de ce qu'ils sont marqués. Ils se font à la 12me, 7me, 5me, 4me et 3me touche comme le démontre le tableau suivant.

	12th Fret, 12me Touche.	7th Fret. 7me Touche.	5th Fret. 5me Touche.	4th Fret. 4me Touche.	3d Fret. 3me Touche.

Exercise in Harmonics.

The upper figures point out the frets, and the lower ones the strings.

Exercice en sons Harmoniques.

Les chiffres supérieurs indiquent les touches et les chiffres inférieurs les cordes.

Allegretto.

The exercise consists of three staves of music in G major (one sharp) and 3/4 time. The notes are marked with fret numbers (12, 7, 5, 4, 3) above them and string numbers (1-6) below them. The first staff has a tempo marking of 'Allegretto' and a key signature of one sharp. The second and third staves continue the exercise with similar fret and string markings.

1 2 3 3 2 1 2 6 5 3 2 1 3 2 1 3 2 1 1 D. C.

All the notes within the compass of the Guitar may be played harmonically.

To do this the note which is to be played harmonically is fingered in the same manner as an ordinary note; then the point of the forefinger of the right hand is placed at the 12th fret distant from the note which before has been fingered by the left hand, the thumb is then removed from the forefinger, which presses lightly on the string, and strikes this string which will produce a harmonic sound.

On peut aussi exécuter en sons harmoniques toutes les notes du Diapason de la Guitare.

Pour y parvenir, on doigte avec la main gauche la note qu'on veut rendre harmonique, comme si l'on devait exécuter une note ordinaire, puis l'on pose le bout de l'index de la main droite à la 12me touche correspondante de la note doigtée par la main gauche, en écartant le pouce de l'index qui pose légèrement sur la corde, on pincera cette corde qui résonnera harmoniquement.

Explanation of the Signs.

IN ORDER TO EXECUTE THE TWO FOLLOWING PIECES.

FRISER. — Indicates that the fingers of the right hand are to be kept closed, with the exception of the thumb; and opened one after another, letting them pass over all the strings without any movement of the arm.

POUCE. — The thumb of the right hand must be passed lightly over all the strings.

INDEX. — Pass the index finger of the right hand, very lightly, from the highest to the lowest string, quite close to the rosette.

VIBRATION. — Let the fingers of the left hand fall, in hammer fashion, upon the notes so designated, with force enough to set the strings vibrating, without (pinching or) snapping them.

TAMBOUR. — Strike with the thumb of the right hand upon all the strings, near the bridge, with force enough, but without hardness.

Explication des Signes.

POUR EXÉCUTER LES DEUX MORCEAUX SUIVANTS.

FRISER. — Indique qu'il faut tenir les doigts de la main droite fermés à l'exception du Pouce: et les ouvrir les uns après les autres en les faisant passer sur toutes les Cordes, sans faire de mouvement avec le bras.

POUCE. — Il faut passer le Pouce de la main droite légèrement sur toutes les cordes.

INDEX. — On passe l'Index de la main droite, très légèrement depuis la chanterelle jusqu'à la dernière corde, bien près de la Rosette.

VIBRATION. — Il faut laisser tomber les doigts de la main gauche, en forme de marteau, sur les notes indiquées; avec assez de force, pour mettre les cordes en vibration sans les avoir pincées.

TAMBOUR. — On doit frapper le Pouce de la main droite, et en longueur sur toutes les cordes près du chevalet avec assez de force, mais sans roideur.

Musical staff 1: Treble clef, key signature of two sharps (F# and C#), 2/4 time signature. The staff contains a sequence of chords and melodic lines. Annotations include "1st. time." and "2d. time." in dotted boxes, "FINE." above a double bar line, and "DOL." below the staff. Fingering numbers (1, 2, 3, 4) are placed above notes. Chord diagrams are shown above the staff for several chords.

Musical staff 2: Treble clef, key signature of two sharps. Annotations include "1st. time." in a dotted box, "4th. Pos. Pouce." above the staff, "Fraser." above a melodic line, and "Pouce." above another. A dynamic marking of "ff" is present. A "Gr. barré." instruction is written below the staff with a bar line symbol.

Musical staff 3: Treble clef, key signature of two sharps. Annotations include "Pouce." above the staff, "Fraser." above a melodic line, and "Pouce." above another. Fingering numbers (1, 2, 3, 4) are placed above notes.

Musical staff 4: Treble clef, key signature of two sharps. Annotations include "Pouce." above the staff, "Fraser." above a melodic line, "Pouce." above another, "Index." above a melodic line, "Pouce." above another, "Pouce." above another, "Index." above a melodic line, and "Pouce." above another. A dynamic marking of "pp1" is present. A "7th. Pos." instruction is written below the staff.

Musical staff 5: Treble clef, key signature of two sharps. Annotations include "Pouce." above the staff, "Index." above a melodic line, "Pouce." above another, "Pouce." above another, "Index." above a melodic line, and "DOLCE." below the staff.

Musical staff 6: Treble clef, key signature of two sharps. The staff contains a sequence of chords and melodic lines. A dynamic marking of "p" is present. The staff ends with "D. C." (Da Capo).

Poco Allegretto e delicatezza.

1. I have heard the ma-vis singing His love-song to the morn; I have seen the dew-drop clinging To the
 rose just newly born: But a sweeter song has cheer'd me, At the ev'ning's gentle close; And I've seen an eye still brighter Than the
 dew-drop on the rose; 'Twas thy voice, my gen-tle Ma-ry, And thine art-less winning smile, That
 made this world an E-den, Bonny Ma-ry of Ar-gyle.

SECOND VERSE

Though thy voice may lose its sweetness,
 And thine eye its brightness too;
 Though thy step may lack its fleetness,
 And thy hair its sunny hue:
 Still to me wilt thou be dearer
 Than all the world shall own;

I have loved thee for thy beauty,
 But not for that alone:
 I have watched thy heart, dear Mary,
 And its goodness was the wile
 That has made thee mine forever,
 Bonny Mary of Argyle.

Speak gently to the erring—know
They may have toiled in vain;
Perhaps unkindness made them so,
Oh! win them back again.

 Not a sigh, not a tear,
 E'er is found in sadness here,
 Music soft, breathing near,
 Charms away each care!
 Birds, in joyous hours, among
 Hill and dell, with grateful song,
 Dearest strains here prolong,
 Vocal all the air!
 Tra la la la, tra la la,
 Tra la la la, tra la la,
 Dearest strains here prolong,
 Vocal all the air!

Come! come! come!
 When the day's gently gone,
 Evening shadows coming on,
 Then, by love, kindly won,
 Truest bliss be thine!
 Ne'er was found a bliss so pure
 Never joys so long endure;
 Who would not love secure?
 Who would joys decline?

The morning sun is shining ;
 She heedeth not its ray :
 Beside her dead reclining,
 The pale dead mother lay.
